“ Nelson Ellis was my high school civics teacher and coach of our football team at Fyffe High School. Then later he was principal when I taught there and Elizabeth was a teacher there. He was a fine and fair man and he was much loved and respected. I will always remember my years at Fyffe with fondness.

“ Coach Ellis had a saying that if you ever quit the first time, the next time will be easier, and it will keep getting easier. Those words would continue to be a guiding principle for me for decades, and I do not believe without his influence, that I would not have been as successful in life as I have.
I hope his family knows what a contribution he made to so many lives.

“ Mr Ellis was a great principal that I was privileged to have taught under. He was always kind and considerate. Elizabeth was a great co-worker and help made to hm. Prayers for her as she continues to be on earth and is his presence.

“ Coach Ellis was my 9th grade science and homeroom teacher. He was one of the best men I ever knew. When I took tickets at games, he would always ask about my family and how long I had been teaching. He was a good man.
