“Granny and papa were the perfect role models of what a married couple should be. She loved her kids, grandkids and great grandkids so much. There are many memories from my childhood to adulthood that will be cherished. Granny was a kooky quirky little lady and firecracker too. Granny has shown all of us to keep family first and to love above all else. She will be missed dearly.💙💚💜😊

“ *Aunt Barbara will be tremendously missed. Her sweet southern voice and the way she always said "love you baby" before ending a phone call will be remembered forever. Visiting them in Florida several times with so many laughs, stories & bowling when our kids were younger. We always said each other talked funny. You will always be in our hearts. We love you all.*

“ *Barbara Tindle or Granny as most of us referred to her touched my life in many loving ways.*

Her daughter Leesa was like a sister to me in high school and our friendship flourished through adulthood with Granny right there with us.

My treasured memories are many, one that always springs to mind is when Leesa and I used to study for our college classes for hours at Granny's kitchen table, Granny was always there encouraging us and adding very important life lessons along the way. I will forever cherish her memory.

Love and prayers to her family and shared sympathies with all those who like me we're blessed to know her.
