“ Janelle was a specialist in giving to those without. I have known her since 2007. Janelle tried to teach me how to crochet. She could see it was going to be a long time training adventure. She never gave up on me. I helped with the hats for premature babies and baby bracelets. Janelle, Arbadella, and I had a lot of laughs over the years, especially the years we all bowled and car pooled. She was her own person and very old fashioned. Janelle loved her yard sales and pets. Last but not least, she loved Charles and most dedicated to his health and well being. Over the years, she and God got through a lot of life’s challenges and health struggles. “ To the family of Miss Nell,

I met Miss Nell (as she was known to us) many years ago when my boys were very small and we lived just 2 doors up from her and Mr. Charles. She was a wonderful person and loved them as they were her own grandkids. I had spoken to her back the first part of 2024 and I lilled her in on everything down in Georgia in Liberty Community. There is only one Miss Nell and she will be greatly missed. The memories she left my boys, they will always remember them and her. God got a wonderful person/angel. I will always look across the field to where she lived here in Liberty before moving to Alabama and remember all the good times there. Our thoughts and prayers are with the family.
