“ *Diana I am going to miss you more than you could have ever known. I am so sorry you had to go through all of this suffering. If I could have I would have taken it for you. So many people love you and miss you. But no one more than me. You were so hard headed and stubborn and I should have been more stubborn and worked with you. I love you my life long friend. . I can picture us singing with hair brushes and just being little girls. We had some great times . I miss you . I will always miss you*
