Dear Jackie, My love for your mother will last as long as my memory of her. During the many years we were co-workers and continued to be friends after no longer working together, she shared her smile, her hair tips, family updates and most of all her wonderful personality. May I send you and your family my deepest sympathy at this time and say that my thoughts have been with you since you told me of your mother's passing.

By now you have probably felt just about every emotion there is with Ethel's death but I know you will be brave in your sorrow as she would have wanted you to be.

Thinking of you and your family.
