“ *Kathy, I'm so sorry about Gerald. the last time I talked to him must have been just before he found out about his health. I ran into Steve Hariel today and he told me. Gerald was a very good man and I thought a lot of him. I started to call him last week and something came up and that will bother me for a long time. Again I'm so sorry I didn't get to talk to him, we had talked every couple of months since the plant shut down. You will be in our prayers.*
