“ *Marty,*

Harry was a very special friend to the Livezeys. His passing has really set me back. I'm so sorry to hear about it. I'm going to remember all the great times we had together, especially the days on the river at Scottsboro. He had a cedar strip runabout boat and he had so much fun with it. We all really enjoyed him and the way he would laugh at his own mishaps, he had a great sense of humor. Also, all the days at the hardware store, or washing his car, or letting me drive his car, and on and on. He was an amazing person. Let me know if there is anything I can do the help you through these hard times.
