“ *Linda, Sorry I couldn't make the services. Your mother is not suffering or in pain anymore. You were a daughter anyone would be proud to have the way you took care of her all these years. I am sure she was aware of the sacrifices you made. Keeping you in my thoughts in the coming weeks. Bonnie*

“ *I remember Helen as being such a sweet lady. When my father, Boots Shelton was at EdenBrook (now HarborChase) she would come to his room to say hello. She was always upbeat and I remember that she liked flowers. I also remember how well Linda took care of her. My condolences to the family. Gayle Latham*

“ Dear Linda, Susan and Dwight, I have such fond memories of your mom working at Peoples National Bank, keeping such good records of the government payroll deposits and assisting our customers in so many ways. She was always cheerful, dependable and a good friend. I didn't know she had returned to Huntsville until I read the obituary. Linda, I notice you live in Lacey's Spring and I certainly would like to see you gain! My prayers and thoughts are with all of you. Love, Jan Bevis

“ Linda, Six years ago when we placed Mr. Gossett at EdenBrook/HarborChase, we met "Ms. Helen". She was such a gracious lady and Jim enjoyed her company at their meals and we enjoyed watching her in the Garden Room with her green thumb. Over these last several years, she has always been a lady of dignity and sweet spirit. Linda, you have been a great example of loving care for your mother. We were blessed to have known "Ms. Helen". May God's grace and comfort surround you during these days, Scott and Sandra

“ Dear Linda, Susan and Dwight, What fond memories I have of your mother at the bank. I cannot think of the monthly (or was it bi-monthly) government payroll without thinking of her. She was articulate and faithful. She was fun, energetic and loving...a true friend. Linda, I will never forget what you told me at the Towery party about your Mom. You said you considered it a privilege to look after Helen. She would say the same about you. This beautiful lady will be missed. You are in our thoughts and prayers. Joyce Egedy

“ Dear Linda and Family, We were so sorry to hear of Helen's passing. She was such a special person,always cheerful, caring,loving,adventurous and all with a great sense of humor. She had a knack of turning strangers into friends with her outgoing personality. I cherish the wonderful memories of the good times we shared in London. She was always fun and a real trooper. I know Heaven became a brighter place when she arrived. And it's comforting to know that she has a new "body" and is enjoying a big reunion with her family and friends there!

“ Dear Linda, Thank you for letting us know. We are sorry for your loss. Even when you know it is coming, it's still very hard to let go. I know it has been long & hard, but even though you hurt inside, you have been busy helping many people with Pet Partners. You have been an angel to so many who feel lost & in pain. You have a very special gift for touching the lives of others. Your whole life has been dedicated to making people feel happy & loved. You reached so many children & their parents day by day & year by year. Once you did that for us at a timer when we were so lost & fearful that no one would see our son's heart & into our hearts as well. We can't think of better way to spend a whole life than by giving. We were blessed by you and ever will be. Your Mom was so blessed to have you. She must have been very special to have raised a daughter as special as you are. Judy had a bad fall two days ago from the deck onto a bed of river rocks in our back yard. She keeps on trying to create beauty & forgets that her body will not keep up with her mind. She's in pain but wants you to feel her love & feel peace in all that you meant to your Mom. With all of our love , Judy, Ron, & Jeff

“ Linda, I am assuming this is the Linda that was my 3rd grade teacher at Whitesburg Elem and worked at Smith Barney in Huntsville?(gosh I hope so or this will be very awkward for someone to read) I remember helping your mother down the escalator at Parkway Place Mall that day when I saw the two of you and she was afraid to go down, You were at the bottom trying to talk her into it and I talked her into taking my hand and she came down with me. I was so sorry to see that she had passed away. I just wanted to say that I was thinking of you and will pray for you and your family. No girl is ever ready to let go of their mother. Just wanted you to know that you are in my thoughts and prayers and I love you. Lori (Joslin, may help you remember me?) Davis. My deepest sympathy to you and your family, Lori Davis
