“ *Jim was a wonderful man, he will be missed by his family. I know he was an inspiration to our grandson Cameron! He taught him so much rebuilding cars, and I know how they worked on Cameron's truck, the corvette and many others. My grandkids will surely miss him as well as the rest of the family. He is with the LORD looking down on you all smiling. He would want you to go on with your lives and make him proud! Helen, prayers for you as I know its a loss to you and your kids. Just remember, Jim will be with you allalways in spirit. Inez Toney*

“ Jim was my daughter's father in law. A great man ! When my husband and I visited Shana and Brad Wigley and our grandkids, they would always take us over to Jim and Helen's house. We would hangout, have a great time ! He taught our grandson Cameron so much about rebuilding cars. Cameron and his papaw rebuilt a corvette among a truck he gave Cameron, and other vehicles they worked on. He was a great man and will be missed! Jim, we all are looking up at you and smiling as you are looking down at us smiling and wanting your family to go on. I know Cameron will continue your legacy to work on cars ! You are now with our LORD and have peace !!! God Bless !!
We all love you !!! Inez Toney

“ Mrs. Helen and family, I sat next to Jim at work and boy oh boy was that an experience. I will miss his grand entrances in which each day was different but he made sure he spoke to everyone as he entered the office. I love how he renamed people with "love" as he talked to them at work. My last conversation was me fussing at him about coming into work to print and fax a document. I told him I could have come by his house and did that for him. But Jim was do it yourself type of guy that I will truly miss. My daughter and his granddaughter Mya were classmates and Tylar sends her love to her former classmate and friend.

Jim's presence will not be forgotten. I will forever be grateful that I had the opportunity to get to know "Jim the GREAT".

Rest easy Jim!!

“ This man was my best friend. Still can't believe he is gone. We spent many hours working on cars, that was one of his favorite past times. This man could fix anything and was not afraid to try any idea he felt made sense to complete a repair. He loved his family and took care of them; I saw it all the time. He gave his Grand Son an old pickup truck, and together between Jim's Son, Grand Son, and some close friends of the Grand Son they converted this truck to a show truck. I know at work his boss had him work a lot of special tasks that required out of the box thinking for problem solving and Jim always came through. He was the type of guy that had parts in his shop, always hard to find stuff for older cars that you could not buy anymore. You could tell him what you were seeking and he would say "wait a minute I think I have one in the shop" and sure enough he would. You ask him how much you owe him, he would say "oh just take it, I know where you live" he would smile and that was it. He was old school; give you the shirt off his back if you needed it. I will miss my friend, his son and grandson will carry on the name, take care of the family and keep the shop going. The good part about this is if you are a believer, we will see each other again one day. So until then Jim you rest in peace all will be well here.
