“ I have known Janice for many years. I also worked at Dr. Walker's office while I was still in high school. When I graduated and started nursing school she started working for Dr Walker. That was when I first knew her. What I remember most about Janice was her compassion. She took care of my brother Kenn many times in the ER. She was sitting at the back door of the ER early one Sunday morning when I pulled my car up to the ambulance entrance with my Dad. Her and Dr. Key helped me get him to a wheelchair and started working with him. It made me feel better just to know she was there. Dad died that morning of a massive MI. I was so glad she was there. She, who knew my family so well. Thinking of her family today and praying they are comforted by God as only He can. By VickieHarwood Dunn.
