“ *I wish to convey my sympathies to your family. I worked with Mrs. Wilbanks for 3 years. She served students in my 3rd Grade classroom and was such a wonderful help. She also shared her wonderful rock and mineral collection with my 3rd graders and not only got them excited about "rocks", but got me excited about them too! I always think of her when we study lessons on rocks and minerals. She will be greatly missed by her students and colleagues.*

“ *Please accept my concern and sympathy for your family at the passing of Peggy. I was shocked to hear that she had died. I taught at Chattooga High School with her several years ago and had recently come in contact with her at the nursing home here in Centre where my mother and her dad resided. You all are in my prayers*
