“ *I just wanted to say to the family that Ed was my school bus driver for many years. During that time he was such a role model to all his students that rode his bus. Decades later I would see Ed and his dear wife at the Gadsden Mall and he would always remember me and where I lived. His memory was sharp and his smile was always warm - this world will certainly miss this precious man. May God comfort the family of this dear man during thier time of loss and may you also be comforted by the legacy this man left behind - to know Ed Brisendine was to love him.*
