“ *I am so sorry to hear of Judy's passing. She, my wife Martha and I all were in school together. She always brought fun to all of us.*

“ *We have known Judy nearly 18 years along with her parents. They all have been wonderful to us. We have rented one of their homes all these years and they all have treated us as if we were family. They cared what was happening with us, they called to check-up on us if they thought something was wrong. They were there for us when needed. Judy may have been short in stature but tall of heart. She and her parents will be missed by us.*

“ Jeff, Your mother and I became friends when we were 4 years old and remained friends until this day. Over the last 45 years, we have had just a few occasions to be together, the most recent about two years ago, but we always took up where we left off and shared our joys, heartaches, and secrets, and our silly nicknames. She was a precious, dear friend, and I am saddened that I will not see her drive up in front of my house in FP (one block up the hill from your grandparents' house on 4th street) where we had many sleep-overs as girls . Know that she was deeply loved by myself and others that you never even knew though I was there when you were born.
