“ *So sorry to see the Rockdale Citizen obits today. Jane and I attended church and school together from elementary through high school. When we were in what is now called middle school she, Gayle Jackson, and myself would ride the Greyhound bus to downtown Atlanta to meet Mrs. Howard at Sears where she worked. We'd shop, eat lunch, and go to a 3-D movie. How we were able to get out of school for so much fun is a mystery to me! I'm sorry we lost touch as our lives went in different directions after our Rockdale Co High School days.*

“ *Tim and I thought a lot of Jane. She talked about how she missed being able to work in the yard and tend her flowers. Now she is in the most beautiful flower garden of all. I know she will be missed. She was a lovely lady.*
