“ *Condolences to Mary Summerville's family on her passing in 2024. She was my chemistry teacher at Oneonta HS during 1964 - 5. My OHS class of 65 recently had its 60th class reunion in Oneonta. Mary and I also flew to a NASA research center in suburban Cleveland OH to meet with researchers there in 65 which I won with a national science fair project on solid-state physics.*
