“ We met in 4<sup>th</sup> grade at William's Avenue Elementary. I was a very quiet and stand off, but you were different. You enjoyed singing and dancing, you and Angelica were sassy young ladies. You two did everything together, unfortunately I wasn't able to form that close of a bond with you. I remember you got your first curly perm, you were so excited. You were flaunting your hair and flipping it around. Now flash forward to today, you've grown so much. You no longer the cute chubby Megan I met in 4<sup>th</sup> grade, your a grown woman. You survived a gun shot, yet your attitude remained humble to be alive. We never no what God has planned for us nor can we question his doings. I humbly ask that God watches over your family, and friends as we gather to lay you to rest. I humbly ask God to watch over Jaxson as you can be assured that he's in good hands. Your son is surrounded by so much love from family and friends, believe me when I say your legacy will live on. There's not a day that goes by that your best friend Angelica doesn't think about you. I ask that God ease her pain, you were a very important part of her life. Megan you'll be missed, you'll always have a special place in our hearts.
