“ *As a volunteer in the hospital Merle often helped deliver food carts from dietary. She loved to do it and fussed at us if we took carts up before she could get here. She stayed on me about hiring her full time in the kitchen. When I would tell her the job I had for her she would say "no I don't think I can do that, find me something different and let me know". She was a hoot and we loved her. She loved to help, I will miss her for sure.*

“ *My thoughts will be with you tomorrow during the service. Wish I could be there but I have plenty of wonderful memories of Merle. I always loved going to camp with Merle and mother. Merle was young at heart and always fun to be around.*
