“ *Ted, I loved you dearly. You were part of our lives and the kids miss you being there when we needed you. You made me laugh more than anyone and you showed me that there was more to life than what I was living. For that I'm most grateful. I'm with my soulmate now because you have us your blessing. Thank you my dearest friend. You are loved and missed daily.*

“ *Ted was a very shy and nervous person, but it didn't stop him from being so much fun! I knew him through Jason and Angie Hannah. We went to the movies, donated plasma (lol), and shared a great love for music. I've never met anyone who I had so much in common with. I can still see and hear him playing on the guitar with his friend Jason, and them just having so much fun. Later, I moved away and lost touch with everyone. I am so sorry that this has happened and if you ever need anything feel free to call me at 205-276-7805. Thank you.*

“ I love Mack so very much. When we were kids we were always together. He was and always will be more than just my cousin. He was an older brother figure--he protected me. He always made me laugh with his jokes and stuff. I dont have one single childhood memory that does not have him there. He is loved and missed by me more than I find words to say. He is in my every thought.....
