“ *Billy was an unforgettable personality..not only for his sense of humor but his love of life and enjoyment of making others happy around him. We first met Billy at bowling and after that was always running into him about town. We will miss him so much and when we say his name or hear his name in the future a smile will immediately come to our face. Gods blessings to his family that he spoke so lovingly about....especially that special grandson. Sandi and Keith Walker*
